CAPABILITY STATEMENT

Mission-first. Contract-disciplined. Outcome-driven.

CAGE: **76M40** UEI: **NCK9UN2QXHH5**

8(a) Certified Small Business | **Economically Disadvantaged Woman-Owned Small Business (ED/WOSB)** | **Woman-Owned Small Business (WOSB)** | **GSA MAS Holder — SIN 54151HACS** | **120+ Projects · 10+ Industries Served**

CORE COMPETENCIES

- Risk & Vulnerability Assessment
- Incident Response & Threat Management
- Security Architecture & Design Review
- Managed Security / SOC Services
- Identity, Access & Data Protection
- Penetration Testing & Cyber Hunt
- High Value Asset (HVA) Assessments
- Compliance & Governance (NIST RMF, FISMA, CMMC)
- Technology & Management Consulting
- Business Resiliency Support

DIFFERENTIATORS

1. **Founder-led execution** — woman-owned executive leadership with 20+ years of IT and cybersecurity experience, including direct federal mission support.
2. **Mission-first, not contract-first.** Disciplined program leadership and genuine partnership drive outcomes, not labor-category fulfillment.
3. **Certified bench strength** — team credentials include CISSP, GSLC, GSTRT, GCIH, GPEN, GSEC, and GISF.
4. **Agile small-business responsiveness** paired with enterprise-level depth and a nationwide delivery footprint.

REPRESENTATIVE EXPERIENCE

- **120+** projects delivered across 10 industries, serving commercial and government clients nationwide.
- **Federal** mission support including IT operations delivery for a U.S. Department of Energy / NNSA M&O prime contractor.
- **Cybersecurity** program management, risk management, and compliance support for the FCC/USAC.
- **Enterprise** cybersecurity and technology consulting for commercial clients across finance, healthcare, hospitality, and critical infrastructure sectors.
